Quick-Reference Optical Alignment Reference Diagram Now Available

The use of optical alignment telescopes and targeting equipment is now becoming a popular way to accurately align critical boring procedures. Based on a precision ship stern tube boring application, Climax Portable Machine Tools has just released a one-page quick reference guide to optical alignment. To download your free copy, click [here](#).

The Climax Selection of Rental Tools Continues to Grow

The selection of Climax Portable Machine Tools available for short-term rental continues to grow. We rent a wide variety of machine tools from ten convenient worldwide locations that reduce your freight cost and expedite delivery. Our rental program provides you with a quick, convenient source for portable machines that you may only need once, or for use during peak usage periods. Our rental program also allows you to try a tool before you buy it, to confirm that it fits your job. For additional information on the Climax tool rental program, click [here](#).

New 24 inch Facing Head Now Available for the Climax BB5000 Boring Machine

Climax Portable Machine Tools has just introduced a new heavy-duty facing head accessory for the BB5000 Boring Machine with a facing range that extends to 24 inches (610 mm). This new facing head has been designed to help complete challenging facing operations on a variety of large mining and heavy construction vehicles. The facing head's heavy duty rigid construction allows rapid metal removal and substantially shorter job completion times. For additional information, contact your Climax North American Sales Representative by clicking [here](#) or click [here](#) to locate your Climax International Distributor.

Free 2-Day Training Class with Many Climax Portable Machine Tool Purchases

Climax Portable Machine Tools is now offering a free 2-day training class with the purchase of many of our portable machine tool systems. Classes are held at the Climax Portable Machining Training Institute in Newberg, Oregon USA. All classes include a comprehensive training manual complete with handy operational tips and techniques. Contact your Climax Territory Manager or local Climax Distributor for more information. For a schedule of training classes at the Portable Machining training Institute, click [here](#).
